AI Study Planner Agent

DSS Assignment #4 • Built in Poe • Bharath R (61921953)

Problem

- Students often struggle to manage multiple assignments with different deadlines and difficulty levels.
- This leads to poor time management, stress, and missed deadlines.

Use Case & Solution

- An AI agent that helps students plan their assignments
- Takes assignment details as input
- Prioritizes tasks based on deadline and difficulty
- Generates a daily study plan
- Provides motivation tips

Tool & Workflow

Tool Used: Poe (Custom AI Bot)

Agent Name: AI Study Planner

Workflow:

- User enters assignment details
- AI analyzes priorities
- AI generates study plan and guidance
